31KP *Sahara with Coffee-Glazed Vienna Maple Cabinetry*

## LET YOUR SPIRIT MOVE YOU

Experience the freedom of the open road in the modestly-priced, full-featured Class C Itasca Spirit.® Bring the whole family and still rest comfortably with generous sleeping spaces, including a private bedroom and cab overhead bed. A large living area with an available HDTV and DVD player provides plenty of opportunities for fun and relaxation. Your Spirit has plenty of storage, including a large exterior storage area for all your gear. Choose the Spirit® Silver loaded with upscale features and deluxe graphics that are sure to turn heads. Best of all, you'll have peace of mind knowing that your Itasca Spirit or Spirit Silver are built with the SuperStructure® construction you will only find from Winnebago Industries.®

**RECOGNIZED QUALITY** The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for seventeen consecutive years: Winnebago Industries.®

# BEST IN CLASS

See how Winnebago Industries takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

**Above Door Storage** Stow a few more items with this extra storage shelf.

**U-Shaped Dinette** The 22R and 31K/31KP feature a roomy dinette that easily converts into a comfortable bed for guests.

**Lower Entrance Step** is designed for easy access (Ford® Chassis) (Chevrolet® Chassis features a single pull-out step.)

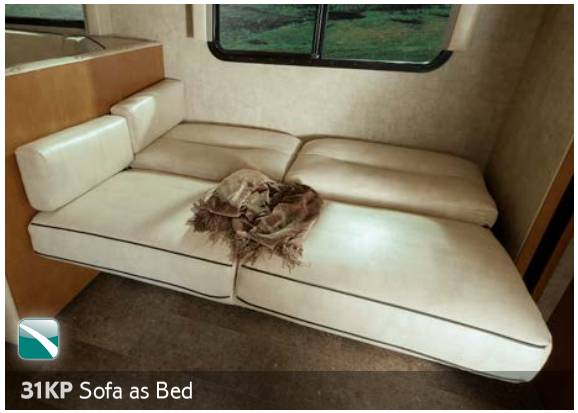
**HDTV** with a DVD player are included in Premier Package Upgrade.

**Radio/Rearview Monitor System** Listen to AM/FM radio or connect your iPod®/MP3 player to the 6" color, touch screen.

**31KP** Sahara with Coffee-Glazed Vienna Maple Cabinetry

You'll feel right at home in your Spirit watching your HDTV with a DVD player in the comfort of your leatherette dinette or sofa. Upgrade to the Spirit Silver Package (NA 22R/25B) for more plush living with Corian® countertops in the galley and MCD solar/blackout roller shades so you can control the level of light and privacy that you prefer.

HDTV



**31KP** Sofa as Bed

**31KP** Galley

**31K** Refrigerator

Enjoy a home-cooked meal from your full-featured galley that includes a microwave oven, three-burner range, and vented range hood. The Spirit features a double-door refrigerator and Wilsonart® high-definition laminate countertops. With the Spirit Silver Package you can upgrade to Corian® countertops and also have a sink cover, a large double-door refrigerator with raised panel door inserts, and an optional three-burner range with an oven.

**31KP** Bedroom

The walk-around queen bed (corner double bed in the 22R and 25B) will be a welcome escape after a day full of adventure. If you travel with kids, the bunk beds in the 31H/31HP could be the sleeping solution you've been looking for. A wardrobe in each model offers plenty of space for your clothes.

Shower

**31K** Bathroom

**31KP** Dash

Multiple adjustment points in the cab seats will keep you comfortable during extended road trips. Add the available touch screen Radio/Rearview Monitor System for total command on the road. Enhance the style of your cab with the Spirit Silver Package that features a brushed aluminum dash appliqué. It also includes optional power mirrors with defrost and a sideview camera system.

Radio/Rearview Monitor System

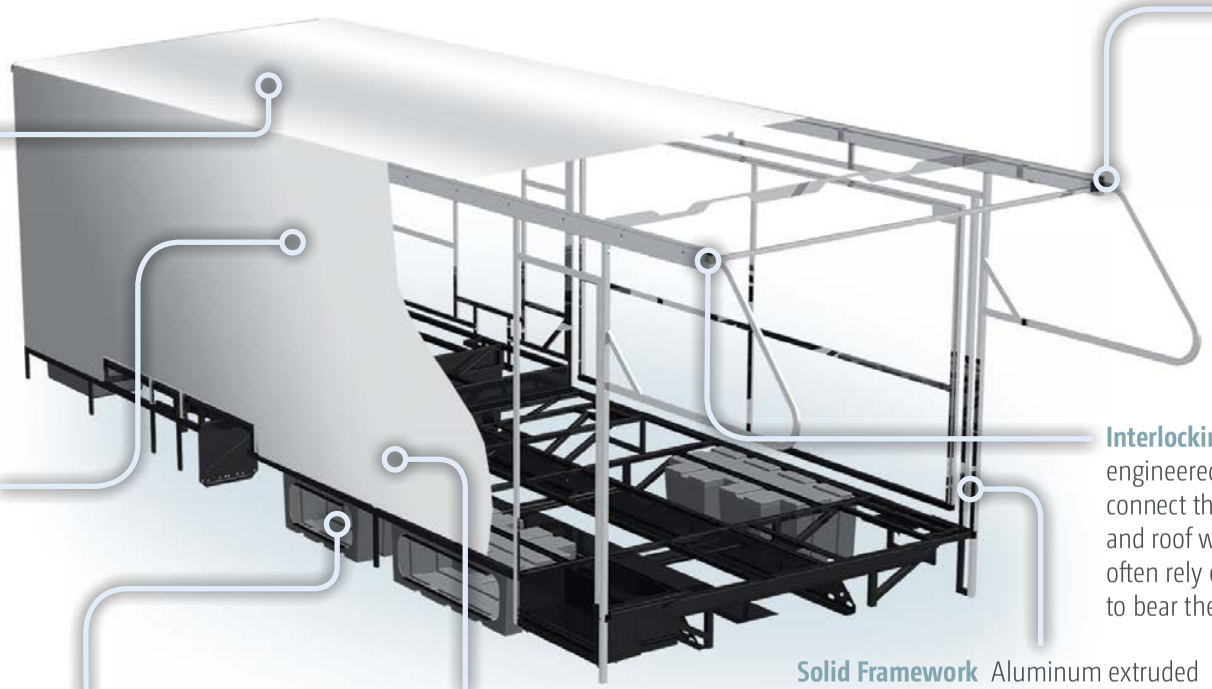
Powered Patio Awning

Rear Storage Compartment

A generous rear storage compartment provides extra storage capacity you won't find in many Class C motorhomes. For added style, select the premium high-gloss fiberglass exterior or choose the deluxe graphic design with taupe sidewalls that are available in the Spirit Silver Package. The available stainless steel wheel liners and a powered patio awning open up several entertaining options around the campsite.

Steel Wheel Liner

Trailer Hitch



**Fiberglass Roof** The one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

**Rubber Can't Cut It** Rubber roofs used by competitors can streak and degrade over time.

**Thermo-Panel® Sidewalls** By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

**E-Coating** An electrodeposition coating helps protect critical steel components.

**Embedded Steel** Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**Solid Framework** Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**Laser-Cut Tubing** Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

**Interlocking Joints** Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE®

BUILT TO LAST

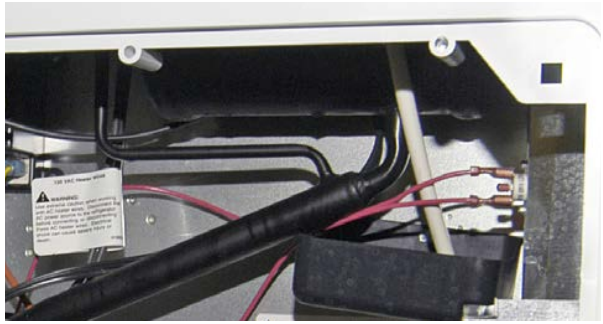
Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries'® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

## TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

## DETAILS

At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.



## BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

SUPER STRUCTURE®

BUILT TO LAST

**36-month/36,000-mile limited warranty on structure**[8]

**10-year limited parts-and-labor warranty on roof skin**[8]

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2 Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3 The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.

4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

5 Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

7 See separate chassis warranty.

8 See your dealer for complete warranty information.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.

## OUT OF THIS WORLD

2014 WIT CLUB GNR '69

### GRAND NATIONAL RALLY

In 1969, two things happened: Neil Armstrong took mankind's first steps on the moon, and Winnebago Industries' WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 "Out of This World" Grand National Rally. It's a mission you'll never forget!

©2014 Winnebago Industries, Inc.

Seat belts are your most important hookup. Always buckle up.
