

Sunova

WINNEBAGO[®]

Why Sunova?

- Four contemporary floorplans
- Swivel Ultraleather™ cab seats
- Corian® countertops
- MCD solar/blackout roller shades (in select areas)
- Available powered StudioLoft™ drop-down bed
- Standard electric fireplace (35G, 36Z)
- Choice of queen or king bed (30A queen only)
- Leveling jacks with 3-position controls
- Powered patio awning with LED lighting and metal wrap

On the Cover: 33C Black Garnet Full-Body Paint

33C Falling Star with Coffee-Glazed Honey Cherry Cabinetry

Legendary Motorhome Value

The question for motorhome enthusiasts looking for a truly exceptional Class A coach is not “Should I buy a Sunova®?” But, rather, “Which Sunova should I choose?” With four distinct models, including the spacious 35G with inLounge™ extendable sectional sofa and movable inTable™, there’s a Sunova that’s perfect for you and your family. Popular

features such as LED lighting, Corian® countertops, and MCD solar/blackout roller shades in select areas make it easy to call the Sunova home. Choose the available powered StudioLoft™ drop-down cab bed for even more travel flexibility. Add in Winnebago’s® legendary construction quality and your decision is even easier—it’s the Sunova.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service, and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

Best in Class

See how Winnebago takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

You can bring all your favorite belongings along with the **Exterior Storage Compartments** that utilize the Smart Storage™ and StoreMore® (33C) philosophies. Access your gear easily from the lighted, weatherproof bins.

Day or night, the smoothly-retracting **MCD Solar/Blackout Roller Shades** in select areas give you total control over light and privacy levels.

The innovative **Glide and Dine™** table (33C) easily extends and glides to the left or right for maximum dining comfort and usability. The attached buffet boasts a retractable HDTV.

Sit back and relax after a long day in the available Ultraleather™ **Euro Recliner** with a built-in footrest. The hoop base lets you move it to your favorite spot when parked.

With four unique floorplans, the Sunova has something for everyone. From the Extendable U-Shaped Dinette Sectional (30A), to the available Rest Easy® sofa (33C), or the inLounge™ with a comforting electric fireplace (35G, 36Z), the lounge offers many popular features, fit for both an afternoon of quiet reading or lively entertaining. At the end of a long day, unwind in front of an HDTV that is connected to a DVD stereo system.

33C Galley

This full-featured galley makes meal and snack preparation easy with popular amenities such as a three-burner range top, a microwave/convection oven, and a large, four-door refrigerator/freezer with an icemaker (two-door on 30A and residential refrigerator on 36Z). The Corian® solid-surface countertops and matching sink covers offer plenty of preparation space, while the pantry (NA 35G) and full-extension drawer slides provide an abundance of additional storage space. There's even a decorative galley backsplash for added style.

33C Flip-Up Countertop Extension

33C Glide and Dine Dining Table and Chairs

The Sunova offers a variety of dining configurations in each floorplan to suit your individual style including an Extendable U-Shaped Dinette (30A) or a BenchMark® dinette (36Z). The 33C features an extendable Glide and Dine™ dining table/buffet and chairs with a retractable HDTV, and the 35G comes complete with a movable inTable™ and extendable inLounge® to seat eight.

Glide and Dine Table Extended

Glide and Dine Buffet with TV Retracted

33C Bedroom

You'll enjoy the standard HDTV that's connected to the coach DVD system while lounging on the walk-around queen or available king bed (30A queen only). A chest of drawers in select models and spacious wardrobe with additional storage provide plenty of space for all of your traveling necessities.

33C Bedroom HDTV

Dash

Enjoy confidence on the road in the Sunova thanks to the easy-to-read controls, rearview color monitor system with 6" touchscreen, and the six-way power Ultraleather™ driver seat. Your co-pilot will appreciate the additional space provided by the dash workstation, and you'll both enjoy hours of entertainment with the iPod®/MP3 input and available SiriusXM™ satellite radio (subscription not included). Both cab seats swivel to face the lounge area, creating a more comfortable living space.

Dash Workstation

Outdoor relaxation is just as enjoyable with the powered patio awning with LED lighting and the available exterior entertainment center with an HDTV. The StoreMore® slideout storage system featured on the 33C makes accessing your gear easy, while the single-paddle latches on the doors allow for easy, one-handed operation. A color-coded exterior service center and automatic hydraulic leveling jacks with three-position controls make hookups quick and convenient.

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**[®]

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

- ¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
- ² The floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- ³ The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- ⁴ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- ⁵ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- ⁶ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- ⁷ See separate chassis warranty.
- ⁸ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
