Take command of your destiny.

Scottsdale puts you in the driver's seat and leads the way to a world of adventure. It's up to you to turn the key. For Newmar's part, we've handled the details, crafting a coach of exceptional warmth, beauty and comfort. The design shows a lot of vitality, too, taking traditional elements and giving them a smart new twist. Of course, people trust Newmar for this: innovation—and an eye for the little things that make RV living come alive. It's our legacy to each new generation of RV enthusiasts.

Richard E Parks

Richard E. Parks

President, Newmar Corporation

Scottsdale Class A

Tradition gets an update.
The comfort is timeless.

When it comes to balancing practicality and convenience with beauty and comfort, nobody pulls it off with such verve as Newmar. Scottsdale proves the point.

Your Scottsdale Kitchen

Solid-surface countertops with a flip-up extension. Undermounted sinks with distinctive faucets. Upscale appliances. Generous cabinet space. All contribute to making your Scottsdale kitchen the hub of a truly enriching RV lifestyle.

Hidden-leaf Dinette

Scottsdale's optional dinette, with its hidden-leaf extension, two upholstered freestanding chairs and two upholstered folding chairs, is a perfect setting for meals, conversations or board games.

Bathroom Amenities

Easy-cleaning, laminate countertops, ample cabinet space and a shower door are but a few of the Scottsdale bathroom's thoughtful conveniences.

Restful Repose

Sleep comes easy in the Scottsdale bedroom, thanks to its queen bed with a quilted headboard and comforter, a reverse sham and accent pillows.

Bedroom Lounge

One floorplan offers two plush lounge chairs to round out the bedroom's comforts. Rich wood cabinetry not only lends warmth to the room but also gives you plenty of drawers and closet space.

Spacious Living

Sit back. Relax. And enjoy a few quiet moments in your Scottsdale living room. Among its amenities are a comfortable sofa.

Ceilings: R-value = 16

- v. Polyethylene Moisture Barrier
- w. Foam Panels (Noise Reduction)
- x. Aluminum Ducting

Protected C-channels

To keep the electrical wiring that runs through holes in the aluminum-frame C-channels from chafing, each hole is ringed with a rubber grommet.

Sikaflex®

Used throughout Newmar construction, Sikaflex elastic adhesive is one of the strongest bonding agents on the market today. It also serves as a sealant against air and water. And it helps dampen both sound and vibration.

Newmar Express Limited Warranty

For your protection and peace of mind, we at Newmar back your Scottsdale Class A with one-year/unlimited-mileage warranty coverage: The Newmar Express Limited Warranty. Ask your dealer for an explanation and a copy of the warranty's complete terms.

Newmar Total Comfort™ Central Air Conditioning

Experience RV air conditioning just like that found in site-built homes. Newmar's Total Comfort Central Air Conditioning is actually two separate, fully ducted systems: one to distribute incoming cool air, the other to quickly and effectively remove warm air from every living area.

16" On-center Framing

Just like a fine site-built residential home, your Newmar home is framed 16 inches on center, which allows the best placement of outlets, switches and other components.

It's bold. And energetic. A lot like you.

Exterior Shower

Dirty from outdoor activities? This handy exterior shower, contained in its own compartment, lets you clean up outside, so you don't bring the outside in.

Pass-through Storage

Stow all your favorite travel gear—from either side of the coach—in this huge exterior pass-through compartment.

Swivel/Recliner

The Scottsdale living room pampers you with this Ultraleather Cirrus swivel/recliner. For added convenience, it's positioned next to a wall-mounted flip-up sidetable.

Scottsdale Class A Floorplans

We have a floor
for every plan.

It's your life. Scottsdale lets you live it as you please.

Choose the floorplan that best suits your needs,
your hopes, your dreams. You've got plenty of options
with Newmar.

Lengths, heights, widths and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

GAWR: Gross Axle Weight Rating is the maximum permissible weight for an axle.

GVWR: Gross Vehicle Weight Rating is the maximum permissible weight of a fully loaded motorhome.

GCWR: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motorhome and any towed trailer or towed vehicle.

UVW: Unloaded Vehicle Weight is the weight of this motorhome as built at the factory with full fuel, engine oil and coolants. The UVW does not include cargo, fresh water, LP gas or dealer-installed accessories.

NCC: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, LP gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc., that can be carried by the motorhome.

¹ Lengths do not include rear ladder.

² Specifications are supplied by chassis manufacturer.

NEWMAR QUALITY: A WAY OF LIFE

The RVDA Quality Circle Award

For the fourth year in a row, Newmar has won the RVDA's Quality Circle Award, a reflection of feedback obtained from the association's annual dealer satisfaction survey. This is quite an honor — a measure of the trust our dealers and customers place in us. We will continue working to retain that trust.

The Newmar Factory Tour

We would love to have you visit our state-of-the-art production facility in Nappanee, Indiana. That's why we offer factory tours Monday through Friday at 10 a.m. and 1 p.m., Indiana time. Pre-registration is not required but helpful, and certain safety restrictions do apply. For more information, or to pre-register, please call 800-860-0086.
