

## LTW & CLASSIC A- FRAMES

Our patented High Wind Harness holds our roof panels securely and outperforms any other A-frame wind kit.

Lightweight construction and collapsible design allow for fuel efficiency, easy towing, and convenient storage.

Keeping campers and wild life safe, campgrounds assign sites based on camper type, our hard sided campers allow access to more remote sites.

Our unique, high quality vacuum bonded flooring with insulated laminate is lightweight and rot resistant.

High quality vacuum bonded sidewalls and roofs help keep our campers comfortable, regardless of what's happening outside

Spend more time enjoying the outdoors. Set up and take down our A-frames in less than thirty seconds.

The Classic line of A-frames come standard with our Lever Lift System. No hand overhead lifting or push poles. Set up and take down with the push of a button.

The optional Trailboss package is available on classic and LTW models, let us help you find the road less traveled.

Our A-frame campers are built on powder coated steel frames, providing a sturdy foundation and years of rust protection.

## Alpine

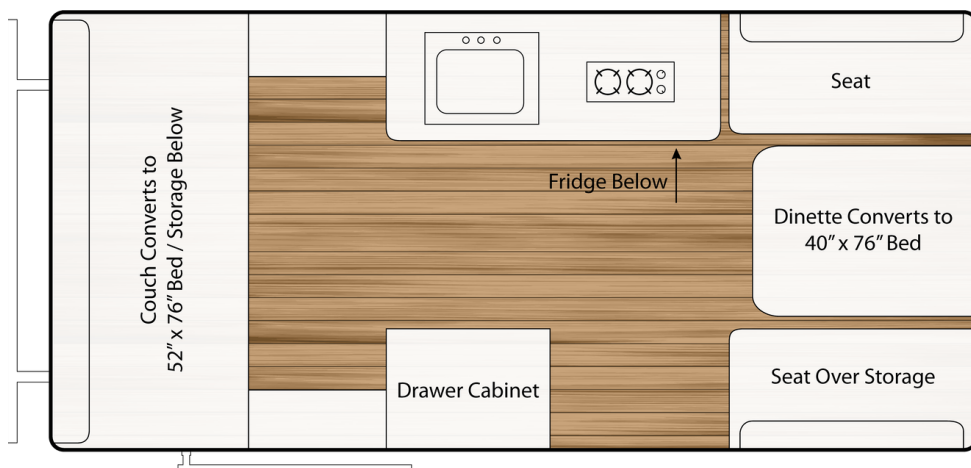

1505 lbs 15'6"

With over 25 years of history, the Alpine is tried and true. The Alpine floor plan features a dual dinette providing the most seating in its class while conveniently converting into sleeping space for 3 adults. The Alpine comes standard with our patented Lever Lift System, LED lighting, fridge, heater, air exchange fan, two burner cooktop, and sink.

## Arrowhead

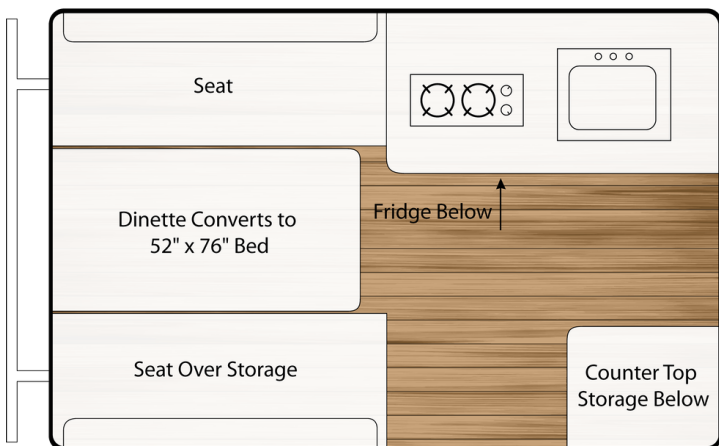

1585 lbs 15'6"

By far the most popular Chalet A-frame, the Arrowhead features a rear gauchio and front dinette providing generous floor space and sleeping space for 3 adults. The Arrowhead comes standard with our patented Lever Lift System, LED lighting, fridge, heater, air exchange fan, two burner cooktop, and sink. For more storage an optional rear permanent bed is available.

## LTW

1300 lbs 12'9"

The LTW is the smallest, lightest, and most affordable of our A-frame trailers. The LTW's light weight permits easy towing by most vehicles and its small size allows for easy maneuverability around campsites and parking lots. This unique trailer sleeps 2 while including standard features such as a LED lighting, fridge, furnace, two burner cooktop, fan, and cold water sink.
